WITTENBORG

designed to last

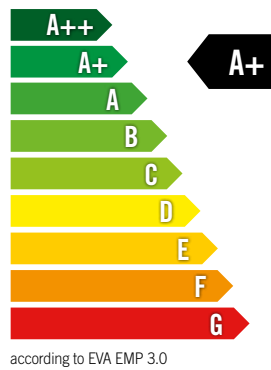

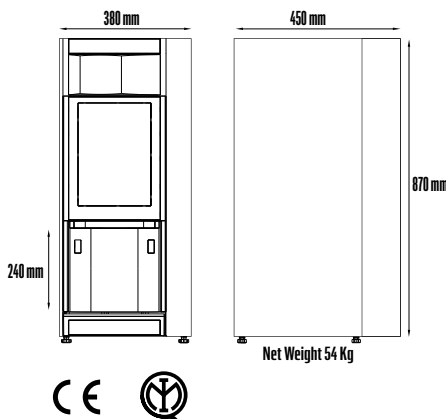

DESIGN AND TASTE

Wittenborg is proud to offer premium semi-automatic coffee machines for locations where the design of the machine is as important as the taste of the coffee.

95 is a compact, slender machine brimming with great features. Its sleek design includes a capacitive keypad and a wide multicolor graphic display. It prepares top quality freshbrew and espresso based drinks making it the ideal focus for the ultimate coffee break.

STATE-OF-THE-ART TECHNOLOGY

- Z4000 Espresso plus FB brewer
- Optional extra instant powder canister to widen the drinks offer
- Advanced electronic platform
- LAN for retrieving data concerning statistics and alarms through email directly from 95
- Bluetooth for local connectivity
- 3G module as option to be connected to the cloud platform

FEATURES

- Delicious freshbrew & espresso coffee served into your choice of cup, mug or jug
- Visible coffee beans or ground coffee
- Direct selection with clearly labelled buttons
- Simple to clean and fill
- State-of-the-art electronics
- Streamlined design to suit all environments
- Electronic sensor ensures the cup is correctly positioned before delivering hot drinks
- Black base cabinet with optional grounds kit
